

BrightComSol

Full-time Head of Finance and Controlling

About BrightComSol GmbH

BrightComSol is a nanotechnology spin-off from Universität für Bodenkultur (BOKU) Wien founded in 2020. We develop, produce, and sell quantum dot-based X-ray scintillators for the global market. Our scintillators offer greatly improved technical performance that is not met by existing X-ray scintillators. We seek an entrepreneurial-minded person to complement our expertise in finance and business management.

Your Profile

- Completed master's degree in business administration/finance or related topics
- Expertise in financial and business planning tools and Excel
- Startup and entrepreneurial mindset
- Committed to becoming a "long-term" partner
- Ready to assume responsibility and the ability to work independently
- Excellent spoken and written English communication skills
- Excellent spoken and written German communication skills is a big plus
- Previous work experience (especially in startups or in the X-ray detector industry) is a big plus

Your Tasks:

- Organizing accounting, budget forecasting, and controlling
- Liquidity planning, short-/medium-/long-term financial planning, and cash management
- Monthly and annual internal financial reporting
- Project financial reporting
- Contract management
- Legal & Compliance
- Proactively support fundraising, e.g., search for financing and funding opportunities, prepare finance pitches
- Legal and financial communication with government authorities and agencies (e.g., AMS, Magistratsämter, etc.)

- Marketing and corporate brand identity development, including social media and website presence
- Business case and customer development

Workplace:

- Vienna, Austria

Start date:

- 1st of September 2021

We offer:

- Full-time position (40 h/week)
- Working in a young and dynamic startup environment
- Increase your skills and responsibilities as the company grows as a member of the core team
- Flexible working hours including part-time home office option
- Salary: starting 35000 €/year (Brutto)

Employment process:

- Submit your application (incl. motivation and CV) → Interview with the Founders → Complete a “startup business challenge” and background check → Final interview → Join BrightComSol GmbH
